Could you survive a tsunami capsizing your boat? A plane crash in the wintery mountains? Killer bees?

If you're curious about wacky trivia like this, come explore some of the mind-bending facts from the Weird But True chapter books through hands on science and experimentation. Some facts might be gross and some crazy, but we're sure to have tons of fun no matter what we discover!

Parent or caregiver must remain in the Children's Room for the duration of the program. Registration required and is for all sessions of each program. Register in-person, online or by calling the Library starting **Tuesday, January 2.**
