Our Vision

Your central community source for knowledge, discovery and connection.

Strategic Plan 2021

The purpose of the Strategic Plan is to create a roadmap for Fairfield Public Library that will be used to guide our efforts for the next three years. The Fairfield Public Library system is composed of the Main Library and Fairfield Woods Branch Library.

The Board of Library Trustees, the Library Staff and community members have worked to develop this eighth strategic plan. The Board funded this vital project and hired Maureen Sullivan as planning consultant. Through a series of focus groups comprised of community leaders, young people and residents, along with a community survey, the goals and objectives of this strategic plan were formed.

The four goals of the plan will serve to strengthen the Library’s commitment to the Fairfield community and support of its mission and vision.
