QUOTES FROM OUR 2021 COMMUNITY REPORT

I have lived in Fairfield for 15 years and I consider the Fairfield Public Library as truly a treasure in our town. Thank you for all you do!

The library has always been one of my favorite places in town. Everyone does a great job and there are so many different programs. Keep up the good work.

FPL is a wonderful resource and a Fairfield treasure - thank you!

The staff couldn't be more helpful and kind. They're just over the top. And Reference can find ANYTHING!!

Star Wars Art for Adults, May 2021

The Broadway program was informative, entertaining, and educational - really great!

The library and its personable and very helpful staff have been an integral support and resource for our family both before and during the COVID challenge!!

The library has been a saving grace for our kids during the pandemic. Thank you so much for the hundreds of books we have read this past year and for fun events like the winter reading challenge. We have two great readers because of our ability to try so many different stories. Thank you!!

I am a lifelong Fairfield resident and have been using the Library since I was a kid. The Library is such a vital resource for our town. Keep up the great work!

The library did a great job during the pandemic. I really appreciated the curbside pick up when we were not able to go into the library. I also appreciated being able to go into the library later on so that I could browse. The staff was always patient, considerate and friendly.
